

# Side Tank Solution

Envirosure offers an extension to their Transport Clean-up policy, called Side Tank Solution. This covers the side tank (self-powered) diesel spill clean-up and rehabilitation costs. In the event of an accident, on many occasions the diesel side tank is ruptured, spilling its diesel into the environment. These types of spillages can range from 10 litres to 1 000 litres, often covering a large road surface and road shoulder.

This can create an environmental problem for the surrounding environment, which may result in large clean-up and disposal costs. Due to the loss of fuel from an incident, Envirosure's side tank cover will also include a fuel reimbursement voucher to the maximum value of R5 000 per claim. Subject to 1 claim per every 5 vehicles on cover, within a 12 month period.

The insured is required to contact the Hazcall24 Call Centre immediately in the event of a claim, to benefit from this cover.

Please contact your broker for a quote.

## Benefits:

- ✓ **Hazcall24 Call Centre service – toll free number 0860 44 44 11 and cross border number +27 (0)60 440 2810**
- ✓ **Immediate clean-up response**
- ✓ **Disposal of waste material**
- ✓ **Rehabilitation of the environment and clean-up of the road surface**

**OPTION 1:** Gives cover for clean-up and rehabilitation costs up to **R100 000**

**OPTION 2:** Gives cover for clean-up and rehabilitation costs up to **R200 000**
