

Underground Storage Tank Cover

Our Underground Storage Tank (UST) cover is designed to protect owners and operators of USTs from the extensive costs of pollution and rehabilitation following an environmental incident.

Claims of this nature can easily exceed R1 million for an average-sized fuel station. In addition, the Department of Environmental Affairs may fine up to R10 million and/or 10 years in jail for non-compliance following an incident.

The insured is required to contact the Hazcall24 Call Centre immediately in the event of a claim, to benefit from this cover.

Benefits:

- ✓ Our cover includes costs related to the clean-up and rehabilitation of contaminated areas arising from accidental spillages. On request, policy may extend to include gradual pollution
- ✓ Our policy includes investigation of loss (investigation if any irregularities occur) and 1st party loss (own property clean-up)
- ✓ Our policy meets the Department of Energy licence requirements for financial provision for rehabilitation
