

Third Party Liability Transport Solution

This cover is specifically designed to offer protection against third-party insurance claims, resulting from injuries and damage to people and/or property as a direct result of an environmental incident resulting in a claim as defined by the Envirosure policy.

The Liability Solution extension covers both legal costs and settlement for which the insured would be legally liable to pay. Cover in terms of this Policy is limited to liability arising out of an Environmental Incident which also gives rise to a valid claim in terms of The Transport Clean Up Policy.
